Programme:

- Above all, lots of fun and joy together, but also work until you get dirty and sweaty.
- You will practice your English and German.
- Morning work in groups in the living garden and in the eco-centre building (cleaning ponds, weeding beds, preparing wood for the winter, building a forest latrine).
- Afternoon active rest, e.g. mini-course in ornithology, mycology and herbalism, observation of bumblebees exploration of the wetland area, trips to the Eagle Mountains and other interesting places.
- Mornings and evenings with songs, talks and Bible readings on environmental topics, lectures, concert
- Evenings together sharing participants' experiences in the field of nature conservation.

We will be happy for you to bring photos or short films.

Accommodation: preferably in your own tent or forest shelter, some in the privacy of our friends, there is space for a mattress in the building

Food: we will eat together food prepared by a professional chef with your generous help.

Food and energy allowance 1 500 CZK,- for the whole stay, students 1 200 CZK.

Capacity is limited to 30 persons.

Can't make it the whole week? Come just for a few days.

Pavel Světlík and A Rocha team are looking forward to see you
